About This Content

A story about Elves and Witches. Elven Voices delves deeper into Fae the elven witch's apprentice and their endless struggle to recover their lost spell book from Earthen Lands without drawing any attention to themselves because this is strictly forbidden by the Elven Elders.

The story continues into another world and there are many twists and turns for Fae the Elven Girl and the Witch named Ellen that would have Fae be her apprentice to uncover. The imperial guard of the nearby capital city may prove difficult to avoid. It details the rise of a Wyvern Wraith and the plight of a Witch Wraith.

This Game is different on Mac and Windows until more versions can be uploaded. There are different variations of this game on each operating system. I think most people have a mac or access to one now anyway.

Mac - Age of Empires type Towers that can attack enemy's and No Crafting System at this stage

Windows - Crafting Functioning to some extent with room for expansion, This client doesnt have Towers at this stage. Camera
